Thank you for all of your assistance with my resume, cover letters, and thank-you letters, the quality of which I would have not been capable of achieving on my own. Thank you so much, you are the best.

Thank you for the excellent service. I received many compliments in regards to the more creative marketing approach of my resume. One of the interviewers told me he copied it, since he liked it that much.

Hi Judy,
Wanted to send you a BIG THANK YOU for helping create a winning Resume.

I have just accepted the "Director of North American Sales" position for a hitech company headquartered in Canada but growing to the US.

Part of the reason for this success, was the extremely professional and high impacting way my Resume told my success story and the strong benefits I would bring to any position. Many potential employers, and especially my new employer made the aforementioned comments.
Again my thanks for your help.

Sincere regards,
Wayne P. Ellis

I would strongly suggest updating your resume and making it more "marketing" friendly to Calgary's oil & gas industry. If you are open to doing so, please contact Judy at The Ultimate Resume.
